PROFESSIONAL SUMMARY

Detail-oriented Data Management Associate with 2 years' experience handling customs clearance data for Germany with a focus on accuracy, compliance, and process efficiency. Skilled in Excel, Tableau, and SQL, applying analytical techniques to improve workflow and reporting. Reliable, proactive, and eager to contribute to data-driven decision-making in a dynamic organization.

EDUCATION

Universiti Malaysia Pahang | Bachelor of Industrial Chemistry — Gambang, Pahang | Sept 2019 – Aug 2023

- Relevant module: Applied Statistics, Applied Calculus, Computer Programming.

Universiti Teknologi Malaysia | Engineering Foundation — Skudai, Johor | Mac 2018 – Jul 2019

EXPERIENCE

Tradewin (an Expeditors company) | Trade Analyst — Kelana Jaya, Selangor | July 2026 – Present

- Reviewed transaction level trade data and HS classifications for accuracy, completeness and regulatory compliance across Malaysian and Singapore requirements, identifying discrepancies and escalating exceptions in line with defined protocols.
- Analysed LMW/GPB licensing requirements and FTA rules-of-origin eligibility for client trade flows, advising on compliance obligations and duty treatment under Malaysian customs regulations.
- Screened imports against Competent Authority requirements, compiled findings into client assessment reports and the monthly Trade Bulletin (ASEAN section), and carried out additional duties as assigned to support regional trade compliance.

DHL APSSC Sdn. Bhd | Data Management Associate — Petaling Jaya, Selangor | Oct 2023 – June 2026

- Spearheaded inbound cleansing and classification of dutiable materials and HS codes across multiple countries, ensuring customs compliance and timely clearance aligned with international declaration standards.
- Supported trade compliance risk assessments by validating customs documentation, identifying discrepancies, and ensuring adherence to global SOPs and regulatory frameworks.
- Enhanced transparency and efficiency of customs data capture for invoicing, customer tracking, and risk mitigation, reducing errors and ensuring audit readiness.
- Collaborated with cross-country lanes to standardize processes, resolve compliance issues, and streamline customs related workflows.

SGS (Malaysia) Sdn. Bhd | Lab Analyst Intern — Shah Alam, Selangor | Mac 2023 – Aug 2023

- Recorded and managed experimental data using Excel, including pre-weigh and post-weight measurements, ensuring data accuracy and consistency.
- Utilized pivot tables and advanced formulas in Excel to perform precise calculations and analyze lab results.
- Integrated data from lab instruments into Excel for comprehensive analysis, streamlining workflows and enabling actionable insights.

SKILLS

Programming: C, C++, SQL

Customs & Trade Compliance: HS Code classification, Customs Data Validation, International Trade Regulations, Documentation Compliance

Software: Microsoft Office (Excel, Word, PowerPoint), Tableau, Canva, Adobe (Premiere Pro & Illustrator)

Languages: Malay (Native), English (Fluent), Mandarin (Beginner), French (Beginner)

LEADERSHIP EXPERIENCES

Social Media Manager | DHL APSSC Sdn. Bhd — Oct 2023 – Jan 2026

- Created and managed engaging content on SmartConnect to highlight team achievements and activities, boosting internal visibility.
- Fostered team morale and collaboration by spotlighting contributions and promoting participation in events.
- Collaborated with team members to identify shareable moments and craft messages aligned with organizational goals.

House Captain | Jeli Science School — Jan 2017 – Nov 2017

- Organized and led house meetings, ensuring effective communication and collaboration among house members.
- Coordinated house participation in inter-house competitions, including sports, cultural events, and academic challenges.
- Mediated conflicts between house members, promoting best behavior and understanding.
